The new Deli Buddy® SZ5 Rolling Face to Face Slicer Mounting System®. Stainless steel mounting beams and saddles support the slicer above a patented "Slingshot™" stainless steel underbelly, designed for easy cleaning and reach. This model features a wide track/ center pivot design with a tall ergo style handle for improved maneuverability and stability. Levered handle motion conveniently retracts four outboard and two center pivot wheels, allowing the unit to rest on heavy duty stainless steel adjustable friction padded feet. The SZ5 also includes boots to protect the slicer feet and mounting saddles, a splashguard kickplate to protect the front wheels, and an XZ-CT stainless steel slide out crumb tray for easy cleaning. Options include an XZ-22 poly bag and tissue/ glove box holder, XZ-26U side mounted removable Polsan™ cutting board, and X-8 slim width knife rack.

NOTE: Specify model SZ5 HO with special Hobart style saddles required for Hobart Automatic Slicer models 1712 and 1912.
